# What other people have to say about training and qualifying as a driving instructor...

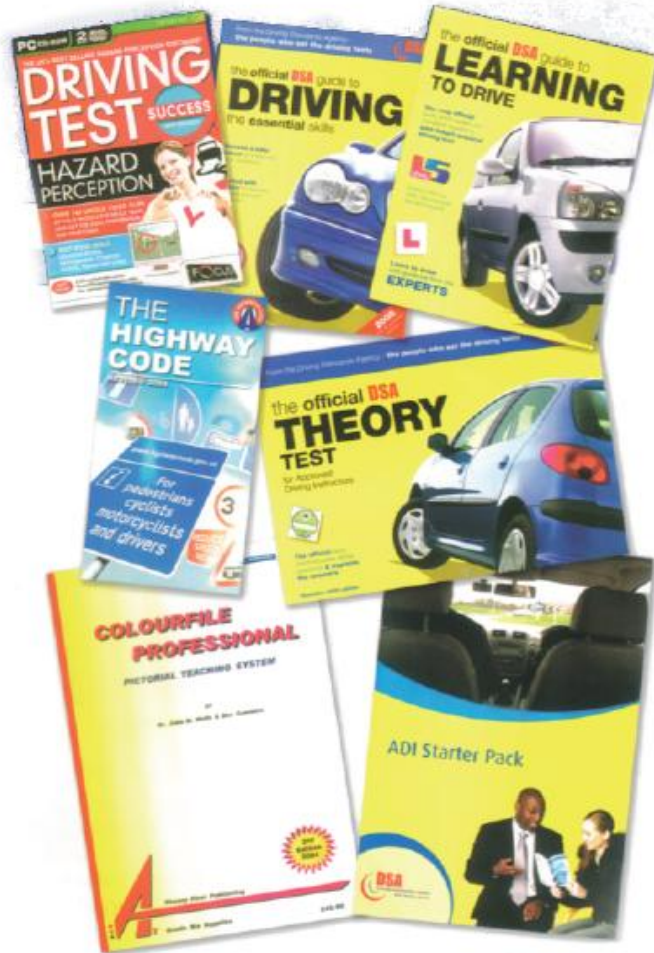

Having worked as a supermarket assistant for 7 years trying to work my hours around my children, I have finally found the perfect job forme. I joined Allpass back in January 2010, they gave me all the help I needed to pass my theory, and the part 2 and 3 training was exceptional, having passed all three parts by April I cant believe how much easier my life is. As a driving instructor, I now have no more worrying about school holidays and who will I get to mind my children, I can plan my work to suit me, my purse is much much happier as is my life, I would definitely recommend Allpass, thanks for all your support and even now I've passed I know your still just a call away to give me any advice I may need. Many thanks, Debbie

After being made redundant, I thought I would never be able to get a job as I'm approaching 50, and have been a bus driver for 20 years I looked into driving instructor courses to try and spend my redundancy money wisely, after great consideration and a friend recommending Allpass I decided to join, the training was fantastic and everyone at Allpass is very friendly, after qualifying in February I no longer have to work the long hours I used to and get to spend more quality time with my family, the job is brill, I get to meet all kinds of people and teach them something I really feel passionate about, but best of all I'm my own boss. Thanks to everyone at Allpass for turning my life around, Ben
